Makrygialos Greece
„If you get to know it, you will like it...”

There are many pleasant moments in our lives. Imagine, that we are sitting on a terrace having breakfast, and we can see beauty of Olympus in the background. After having breakfast we go down to the sea, which has a beautiful silver colour early in the morning.

Makrygialos has a special, peculiar effect on the customers, which makes the visitor come back.

If this effect /feeling was change, it would have lost its identity. So this special feeling is differing from others that make the guests come back and bring friends and the family with them.

Makrygialos can be found in North-Greece, on the popular Olympus Riviera,

40 km far from Thessalonica on the south, on the sea shore of Aegean Sea.

The name Makrygialos means long seashore, which means that there are many kinds of gulfs and beaches on them along the seashore.

Clean air, beautiful green nature and slowly deepening seashore are waiting for the guests. This place is not crowded as other beaches.

This seashore part was awarded with the international „Blue Flag” Award because of the great quality of water and great clean beaches.

The free smooth beaches are sandy and there are dressing chambers, showers and sun umbrellas are also available there with comfortable beach beds on which you can relax and enjoy a new dimension and turn home as a reform person.

This place was able to protect its fisher village feeling. The tiny colourful boats are stripping on the shore peacefully.

The greengrocer and baker are welcoming you as a close friend after a few days and are preparing the stony frappe for you.

The people living here are very friendly and they make friends easy, because they are effusive and selfless. They attach those people who once there in this nature-close place with their kindness and hospitality. There is all at once good in these people.

It is interesting dash of colour the Friday market, which is very beloved by the tourists. As you walk along the maritime road, you can visit the antique ruins of Pydna. Many tribes and cultures lived here and left their marks, which tell to us about the past.

You can attend different marine bays, every day another one. The nightly pleasure ground and pubs and nightlife are also available along the parade seashore.

You can listen to the music of bouzouki and you can joint the taste the special meals of Makrygialos. The facultative tours are full of cultural memories, interesting free time activities and you also attend reviving watery wellness sea sandy bath to relax.

The panoramic seashore inns and taverns are smelling good where you can eat healthy tasteful Greek meals, fresh fishes and crabs.

Guests are also welcomed to play quiz, party that makes this place unforgettable forever and when you travel home you will be richer of other memories of Makrygialos.

The pretty Makrygialos is close to Olympus and it has clean air full of oxygen, which is very important need for our cell of organism.

The fresh air discharged new energies and makes wonderful present to the guests. You can discover superb places where you can see beautiful idile nature's powerful colours, which makes you feel better.

Good to know!

Close to Makrygialos there is a real tourist curiosity a seasalt-inhalor, which is natural. In this untouched place the immune system will strengthen, the body will regenerate the muscles will loose. The mud is suggested to vitalize you and to handle joint-mutation. It can take forward boost with olive oil. The cells of the body will positively work. The respiratory system will function better. The most important feature of the body treatments is that the cardiac system, the blood pressure, the fat burning will be more effective, and by resting, you can forget the stress. You will have smooth skin and your face will not have so many wrinkles. Your nerve system will also be reposed by spending some time in the high-concentrated salt pools. The salt crystal of the sea increases the energy of the mental and physical parts. The body soul and mental parts will harmonize with each other and will be energized these surroundings and environment will have a good effect on your health.

The visitors can be enriching with a novel sense of its body.

To summarize everything: Makrygialos is very proud of its legendary reputation:

“The place where nice to live and spend holiday”.
